

NORMANTON ON TRENT WITH MARNHAM PARISH COUNCIL

Minutes of the Meeting held on Tuesday 17th September 2024, 7.00pm, Low Marnham Church Room

Present:

Councillors: A Fox D Hope
S Nolleth R Parker
P Hope J Clayton
A Winfrow

Clerk: R Jeffries

Representatives Mr R Laxton - JG Pears, C/Cllr J Ogle, D/Cllr E Griffin

Members of the Public: Three

The Chair opened the meeting by acknowledging the sad and sudden death of Cllr Paul Simpson. The Parish Council thanked him for his valuable contribution to the PC's work and expressed their condolences to his family.

61/24 Apologies for Absence

Action

There were no apologies for absence received.

62/24 Update from JG Pears

Mr Laxton had circulated his update via email in advance of the meeting. The following points were noted in the meeting:

- The PC commented that there was an increase in odour problems during the summer months. Mr Laxton reported that there were two separate fire incidents which damaged the electricals and it took two/three weeks to recover from both incidents. The knock-on effect was that many delivery HGVs arriving at the plant had to be diverted onwards, meaning that their loads were subject to high temperatures for longer periods – hence the bad odour emissions from the HGVs and increased amount of HGVs on the local roads.
- Noise complaints were also received and Mr Laxton said that this was due to a faulty safety pressure release valve.
- A huge outage will take place in October in order to replace a storage generator.
- The update to the feathers process is in progress and should be complete by early next year.
- A member of the public commented that she regularly reports odour complaints to the necessary channels but does not receive any feedback as to the cause/solution.
- A discussion took place as to why the container HGVs are not refrigerated so that the contents do not decay as quick. Mr Laxton advised that the lorries are not airtight and therefore odours will escape and in terms of refrigeration, this is not mandatory and it would have to be introduced and enforced by the Industry Regulator.
- Cllr Nolleth asked how the PC can help JGP in this issue in terms of industry practice and it would appear that it is a matter of national legislation, requiring a parliamentary bill.
- D/Cllr Griffin had received many JGP related complaints from her constituents and she requested that the company provide a formal response to her via email. She undertook to act as a central point between the Government and JGP and the Parish Council agreed to forward pertinent questions to her for submission to local government.

63/24 Meeting closed for Public Open Session of five minutes

C/Cllr Ogle reported that a Boundary Review is currently in progress which could result in the loss of two country councillors and he urged the PC and residents to make their representation on the proposal.

64/24 Matters arising from the Public Open Session

There were no matters arising.

65/24 Minutes of the previous meeting held on 16th July 2024

The minutes were approved, proposed by Cllr Clayton, seconded by Cllr Fox.
